

Maintenance Technician

A growing injection molding company is in search of a full-time, experienced Maintenance Technician with a proven track record of being successful. The right candidate must demonstrate an eagerness to grow with a world class organization.

The Maintenance Technician will be directly responsible to ensure that all machines are running and all repairs and preventative services are maintained.

Job Requirements

- Experience must include at least 7 years of machine maintenance in a manufacturing environment with strong troubleshooting and repair ability. Proven knowledge in pneumatics, hydraulics, ABB & Fanuc robots, plc's, water jets, heating & cooling, plumbing/pipefitting, and welding
- Candidates must be flexible in shift assignment and willing to work overtime, including weekends.

Professional Requirements:

- Must have HS diploma/GED.
- Some college coursework preferred, but not required.
